

Evans & Jones Boston

Nov 20 1832

Dear friend

In answer to your note. I have been too busy to answer it. How now can I scratch a line - I do not get time to rest - with the many calls upon me. & all whom I love have to wait until their affairs are "bush in" when other "parts to mend".

Do exactly what you like - deal with my tickets. send them with my copy & the number of the Committee. if you think my name will carry any weight. I will send you the money but at a complete work. I thought my friend W Pray - on whom you can call for ^{after that time} at 311 Washington Street

I was so mortified that W Pray neglected to carry out my order about the tickets for the Theatre last Saturday but he had been so worried & annoyed by the circumstances of the fire that

Autograph of Charlotte Coolman being part
of a letter to me directed to Peabody

I excused his forgetfulness - The
tickets you did have had been taken
by some one else - but I am very
glad you got some the two you did -
but you might have had as many
as you wished if Mr Pear had
run at his store, he would have
arranged it very easily.

I finish this sugar - which has
been so disastrously interrupted by
the fire - on Saturday pm - if you like
to have a laugh - will you not come in
to send me word to I will send you
a quantity of sugar - which with I am sure
I have here on Tuesday morning
for Albany - Can you not contribute
a few before I go -

Love to Mr Mann

Ever affly yours

Charlotte Coolman
