

Thought I had secured something
at the hands of Mr. Fish - but I sup-
-pose I could scarcely expect it.
If there is a chance of getting any
thing in the Treasury Office I
I should be very glad - if you could
use any influence for Mr. Justice
either in New York or Boston. You
must forgive me if I ask too much
of you.

I shall see you all next Summer
I hope - when I am going visiting
the States again.

Commend me to your daughter,
I hoping to hear from you very
soon. Believe me I am very truly
yours,

Charlotte (as usual)
