Your kind & welcome

note - by an unknown hand - came
to me in due time. & I should have
written to thank you before this - but
I waited until I could know
something more definite of my
movements - as to when I should
be getting to you - wards! I have now
fixed to leave New York on the 26th
for Boston - where I shall arrive
on the morning of the 27th - only to
stop in town a few hours - on my
way to Swampscott - where Mrs
Thoburn & I are going to make a
visit to the address Child's - then
I remain a fortnight or so - with
a break - which I make to go to

Do you at the Rockland House
N. Coburn. then I shall write
to pay in Davenport. & then, I believe
I wish to go down - with Mr. Jones,
family - This much by way of indi-
-cating my whereabouts. but I must
continue to see you somehow - for I
must ask you several questions
of the benefit of your brains
& practical knowledge. I want
to see Dr. Chapman too. The day I am
in Boston - and I want to choose
a lot of books to send out by Miss
Brewster - who tells a man woman
as she is, is going out to stay - by one
of the British vessels - on the 1st of Sep.
& can take a box of books for me as
well as not - if you put them in a
Trunk - & then the Sassa Passaw
which I provide me - can carry

my books in, also - Can I see all the
books I want of you publishing &
every body else - as of old at your
counter - or are you another man
now? I shall arrive in Boston on
the morning of the 25th - by the Bristol
boat trail - & wait a few hours - to choose
my books - & then go out of town again
that next day - so if there is any
chance of seeing you - I shall be
delighted - If not - will you send
a note to your bookshop house to tell
somebody - to let me what I want
in the way of books - which I suppose
you will let me have at the old
Trade price as before - If you just
send me word like a good soul
to 27th Park. Dutchess Co. N. Y.
any time before the 24th - if I cannot
do this with you - I will get Patience

To work in New York. If you think this
will be best. any way - let me know.

I am so glad you will take the
Stanton article. I wanted you to
have it. because you were in publish
- in the friends. & for other reasons.
So - The \$5. you tell me you will
pay for it. you shall keep until
called for later.

I have been at Auburn - making a
visit to Mr Seward - like any other
'Celestial': only I had no Burlington
I am now here - in this lonely
of lonely places - which I shall
leave on the 19th for Hyde Park
I am sorry I gave you the trouble
of doing any thing in the Frothing-
-ham matter. I was stupid of me
& I ought to have attended to the
subject - How soon ever I did not.
Emma Tubbin is at Hyde Park. she
comes to Boston with me - Hundreds love

to the pain of you. Remembrance to the Peas. & Helen in you
