Swampscott. Sep. 5.

Dear friend

Your kind note reached
me last night - but I could
for nothing decide - so that
I could send a note to you
to town this morning - & I fear
this note is late. However we
mean to come on Tuesday
[D.V. would weather permitting
I shall send a little line to
the Dr. to Beverly to tell him
to expect us - so perhaps this

will I am your brother & as true.

By the 10.30 train from Brixton
we will find ourselves at the
Swampscott station & hope
to meet you & have a jolly
good time. I went out "a
fishing" on Thursday - & perhaps
I didn't have a good time.
& holding a carp pole with
a heavy sinker. exercised
muscles which have not
been usually exercised,
& then went to hear some

the singing in the evening of the
Chickering Club - when I ought
to have been in the arms of
Morphew - took a cold &
have not been able to move
without screaming ever since.
But I am coming up to go to
the Schuyler Theatre on Monday
which they have transported me
into - & if I am well enough
& humbly enough for that I
shall be equal to Perry the
next day - I am in hopes
& with kindest love from the
Deo. am ever your & Annie's
faithful - C. C. -
